

# How's Business?

Answers at a glance

**d<sup>3</sup>** is the latest business intelligence solution from Generation 10 - the flagship of their new range of browser-based Rich Internet Applications (RIAs).

#### The Big Picture

Effective visuals help monitor your Key Performance Indicators.

#### Cause and Effect

Intuitive, interactive analysis of the details that make up the bigger picture.

#### Bridge the Gap

Bring together information from disparate systems, regardless of their platform.

"We are very excited about d<sup>3</sup> - the potential applications for it are boundless; trading, financials, resource management... It's not just about cotton, it's about any aspect of your business."

*Richard Williamson, CEO of g10*
